

# endurocide® DESKTOP

Alcohol free **Endurocide® Desktop** is designed for everyday use on desktops, work areas and personal office equipment.

## Kills bacteria, fungi & enveloped viruses

Independently tested to European Standards EN 1276 EN 1650 & EN 13704 and screen tested to EN 14476

## Fast drying

Dries quickly on surfaces with no stickiness or streaking

## Long lasting protection

Gives greater than 99% kill rates against bacteria on surfaces up to 4 hours after application.

## Versatile

Designed for everyday use on personal equipment and work areas - also suitable for use on hands & skin

## Alcohol & PHMB free formula

Non-flammable, fragrance free, requires no special storage requirements and does not contribute to Climate Change

Independently tested to European standards against enveloped viruses, bacteria, fungi & spores

Free from Alcohol, VOCs & PHMB

# endurocide® DESKTOP

## How to use

- Spray onto surface, ensuring areas are covered.
- Leave to dry naturally - no need to rinse after use.
- **Do not use on live electrical equipment.** For sanitising electrical items, spray onto a cloth or tissue and wipe over item, ensuring all surfaces are adequately wetted. Do not switch back on until fully dry.

## Where to use

Ideal for use on surfaces and items including:

- Workspaces & desktops
- Monitors & keyboards
- PCs & laptops
- Phones, tablets & mobiles
- Computer mice
- Mouse mats

Endurocide Desktop has been dermatologically tested and is also suitable for use in sanitising hands and skin.

## Pack sizes

	Description	Case Size	Order Code
	300ml trigger spray	12 per case	EDT-300TS
	1 litre refill bottle	12 per case	EDT-RD-1L

Use biocides safely. Always read the label and product information before use.

## Test results

### Bacteria

EN 1276

EN 13727

### Fungi

EN 1650

EN 1275

### Enveloped viruses

EN 14476 (Screen testing)

### Spores

EN 13704

### Residuality: 2 hours

Shown to provide up to **99.9% kill rates** against **bacteria, fungi and spores** 2 hours after application on a surface

### Residuality: 4 hours

Shown to provide **>99% kill rates** against **bacteria** 4 hours after application on a surface

### 30 second kill rates

Shown to be effective against bacteria in 30 seconds

### Dermatologically tested

Passed 96 hour skin patch test

Please note, Endurocide® Desktop uses the same formula as in Enduro Hand Sanitiser. Full details on our test data is available to professional users on request: to make an enquiry, please contact us.
